

Adjustable Wall Bracket 70-100 inches - Height Adjustable and Stable

Data sheet

Summary

- ✓ Height adjustment: With a smooth mechanism, the screen can be adjusted up to 400 mm, ensuring an optimal viewing height for all applications.
- ✓ Sturdy and secure design: The heavy-duty steel construction allows the wall mount to withstand weights of up to 90 kg without compromising on stability.
- ✓ Wide compatibility: Supports multiple VESA patterns, from 200x200 to 800x600, making it adaptable to a variety of TV models and brands.
- ✓ Slim profile: The wall mount is only 96 mm deep, giving it a sleek and discreet look.
- ✓ Durable finish: A powder-coated finish protects against scratches, ensuring the wall mount retains its good looks over time.

Product description

Prokord Adjustable Wall Mount 70-100 inches - Height Adjustable and Stable

The Prokord Adjustable Wall Mount 70-100" is the ultimate choice for large, interactive displays. With an innovative height adjustment feature that is easily adjusted with a light touch, this wall mount offers maximum flexibility and ease of use. The robust steel construction can support screens weighing 60 to 90 kg, making it a reliable solution for professional environments such as schools, conference rooms, healthcare facilities, and trade shows.

The mount has a sleek, powder-coated black finish that resists scratches and blends in with any décor. The compact design allows the mount to discreetly disappear behind the screen when not in use, while offering support for a variety of VESA standards from 200x200 up to 800x600 mm. Easy installation with the included manual and mounting hardware makes setup quick and hassle-free.
