Product description

Cirafon Universal Mobile Holder with Quick Release for Tesla

Looking for a flexible and secure solution to keep your phone or other devices in place during your car ride? The Cirafon Universal Mobile Holder with Quick Release for Tesla is a reliable holder perfectly suited to keep your device safe while driving.

With a clever design, it can be easily attached to the car panel or to the back of the screen. It is particularly useful for Tesla cars and other vehicles with large screens. The holder provides you with a stable attachment and an adjustable head that allows you to set the device at the best angle for comfortable use.

Compatible with Cirafon Mobile Holder Universal

For even better functionality, use the Cirafon Universal Mobile Phone Holder with Tesla attachment together with the Cirafon Universal Mobile Phone Holder. A universal mobile phone holder that fits all types of mobile phones. Easily adjusted in width and with a release button, you can easily remove your phone after use.

Main features:
