

STYLUS PRO for iPad with Bluetooth and Magnetic

Data sheet

Summary

- ✓ ? Magnetic charging & Type-C Charge quickly and easily via magnetic attachment on compatible iPads or via a Type-C cable. This practical function lets you keep using your pen without hassle.
- ✓ ?? Perfect for writing & drawing The pen's POM plastic precision tip provides a really good feel when you write or draw. It almost feels like using a real pen or pencil on paper.
- ✓ ? Palm Rejection Technology With this feature you can rest your palm on the screen without affecting your work. It provides a more comfortable and natural experience when you write or draw.
- ✓ ? Tilt Sensitivity This feature lets you vary line thickness by tilting the pen, giving you greater control when drawing details or creating artwork.
- ✓ ? Bluetooth function & real-time battery status Easily connect the pen to your iPad via Bluetooth and get real-time updates on the battery status.

Product description

CIRAFON Pro Stylus for iPad – Perfect Pen for Writing and Sketching

Enhance your iPad experience with CIRAFON Pro Stylus for iPad, a stylish and precise stylus that makes writing, drawing, and navigating on your iPad smooth and accurate. Whether you are a student, creator, or professional, this pen delivers a responsive and natural feel when you work on your iPad.

With a 1.5 mm precision tip and features like Palm Rejection Technology and Tilt Sensitivity, you can write and draw with a sense of control and accuracy. You get an almost paper-like experience without having to worry about lag or your hand getting in the way.

Features that make a difference

CIRAFON Pro Stylus for iPad has several practical features that make it stand out as a great choice for both creative work and everyday use:

- ? Magnetic charging & Type-C Charge quickly and easily via magnetic attachment on compatible iPads or via a Type-C cable. This practical function lets you keep using your pen without hassle.
- ?? Perfect for writing & drawing The pen's POM plastic precision tip provides a really good feel when you write or draw. It almost feels like using a real pen or pencil on paper.
- ? Palm Rejection Technology With this feature you can rest your palm on the screen without affecting your work. It provides a more comfortable and natural experience when you write or draw.
- ? Tilt Sensitivity This feature lets you vary line thickness by tilting the pen, giving you greater control when drawing details or creating artwork.
- ? Bluetooth function & real-time battery status Easily connect the pen to your iPad via Bluetooth and get real-time updates on the battery status.
- ? Long battery life Up to 8 hours of continuous use on a single charge, ideal for long sessions without having to think about charging.

Comfort and ease of use

In addition to all its features, CIRAFON Pro Stylus for iPad also has a design that feels comfortable to use. It is easy to hold for longer periods and provides a good grip for both shorter and longer work sessions.

And since it has magnetic charging, you do not have to fiddle with plugging in cables. To start the pen, simply attach it to the magnetic charging surface on the side of your iPad, and it will activate automatically. The pen also turns off automatically after 5 minutes of inactivity to save battery.

Note: CIRAFON Pro Stylus is only compatible with iPad Air and iPad Pro models that support magnetic charging.

Order your CIRAFON Pro Stylus for iPad today!

CIRAFON Pro Stylus for iPad is a really good option if you want a pen that is both functional and affordable, without having to compromise on quality. It is well suited for both work and leisure, and makes everything a bit more enjoyable!
