Product description

Why choose this network cable?

Prokord TP-CABLE S/FTP CAT.6A LSZH RJ45 1.5M GREEN provides reliable short-range connectivity with good immunity to interference and safe low-smoke jacketing. It helps keep rack and desk connections tidy while supporting high data rates and Power over Ethernet, so you get consistent performance for switches, patch panels, and PoE devices.

TP-CABLE S/FTP CAT.6A LSZH RJ45 1.5M GREEN in short:

- Shielded construction reduces crosstalk and external interference, useful near power lines or dense cabling.
- Supports 10 Gbit/s and 500 MHz bandwidth for high-throughput links and modern network equipment.
- LSZH jacket lowers smoke and toxic gas in confined spaces, suitable for offices, comms rooms, and public buildings.
- Green color and short 1.5 m length make it easy to identify and manage within patching environments.
- Male RJ-45 connectors with metal shielding and 26 AWG copper conductor ensure stable contacts and reliable signal transfer.

Product details

This 1.5 m Prokord cable connects two RJ-45 ports for short patch runs between switches, patch panels, and PoE devices. The S/FTP shielding combines pair and overall protection to reduce interference in electrically noisy environments. The LSZH jacket is designed for installations where safety and low smoke emission matter. With copper conductors and robust RJ-45 plugs, the cable supports sustained high-speed transfers and PoE powering while remaining compact and easy to route.
