Product description

Why choose this phone accessory kit?

Cirafon Startkit iPhone 13 #kit#. This kit bundles essential protection and charging accessories for the iPhone 13, reducing the need to buy items separately. The TPU case cushions against everyday knocks while keeping access to buttons and ports. The screen protector helps prevent scratches and maintains touch responsiveness. A compact USB-C charger simplifies daily charging at home or on the move.

Startkit Iphone 13 #kit# in short:

- Bundled protective TPU case, clear screen protector, and USB-C charger for iPhone 13
- TPU case offers shock absorption and a secure grip while preserving port and button access
- Screen protector preserves touch sensitivity and reduces surface scratches
- Compact USB-C wall charger for everyday charging needs

Product details

The Cirafon Startkit iPhone 13 #kit# combines a soft thermoplastic polyurethane case, a clear screen protector, and a compact USB-C power adapter. The case balances grip and impact protection, and the screen protector keeps the display responsive while guarding against wear. Compatible with iPhone 13. Manufactured in China.
