Product description

Voxicon CAM675 Pro 2K Business Webcam with Dual Mic and Autofocus

Crystal-clear 2K video with dual microphones – perfect for professional meetings

Sharp image quality for professional video meetings

The Voxicon CAM675 Pro is a powerful 2K business webcam designed to elevate your video meetings. With 2560x1440 resolution at 30 fps, it delivers sharp and lifelike visuals – ideal for daily team meetings or customer calls. The 85° wide-angle lens captures your entire workspace, making it great for small conference rooms and collaborative setups.

Clear sound with dual microphones

Equipped with dual built-in microphones and noise reduction, Voxicon CAM675 ensures your voice comes through clearly, even in noisy environments. Whether you're in a digital meeting or recording video content, you'll enjoy a professional audio experience straight out of the box. Simply connect via USB-A – no software required.

Flexible, smart and secure

Featuring autofocus, automatic light correction, and a built-in privacy shutter, this webcam is both functional and secure. The adjustable clip mounts easily on monitors, laptops or tripods, and broad OS compatibility (Windows, macOS, Android) makes it a versatile choice for all business environments.

Key Features

- 2K resolution (2560x1440) @ 30 fps – sharp, professional image
