

Height Adjustable Cart for 55-75" Screens - Stable and Versatile

Data sheet

Summary

- ✓ Height adjustment: Easy adjustment of the screen height up to 400mm to suit different display needs.
- ✓ Mobility: Four lockable castors make the trolley easy to move and secure it firmly in place when in use.
- ✓ VESA compatibility: Supports multiple mounting patterns, from 200x200mm to 600x600mm, making the cart compatible with most display models.
- ✓ Robust and safe: Constructed from powder-coated steel that withstands daily use and can handle a weight capacity of up to 65 kg.
- ✓ Extra features: Convenient cable management to minimize clutter and a sleek design that makes the trolley aesthetically pleasing and professional.

Product description

Prokord Height Adjustable Trolley for Screens 55-75" - Stable and Versatile

The Prokord Height Adjustable Trolley is the perfect solution for making large screens mobile in professional environments such as schools, conference rooms, and trade shows.

This trolley combines a robust steel chassis with user-friendly features like height adjustment and easy maneuverability. With support for screens between 55 and 75 inches and a weight capacity of up to 65 kg, it is both stable and adaptable. The cart also features a sleek and functional cable management system that keeps the installation organized and tidy.

Main Features

- Height adjustment: Easy adjustment of the screen height up to 400mm to suit different display needs.
- Mobility: Four lockable castors make the trolley easy to move and secure it firmly in place when in use.
- VESA compatibility: Supports multiple mounting patterns, from 200x200mm to 600x600mm, making the cart compatible with most display models.
- Robust and safe: Constructed from powder-coated steel that withstands daily use and can handle a weight capacity of up to 65 kg.
- Extra features: Convenient cable management to minimize clutter and a sleek design that makes the trolley aesthetically pleasing and professional.

Contents in the Package

The package contains all the necessary components for an easy and quick assembly:

- Screws: M6x14, M8x16, M6x30, M8x35
- Spacers: Three different sizes to fit different TV models

Please note: Supplied screws may not fit all screen models. For full compatibility, Prokord Standard Screw Kit is recommended, which includes a wide range of screws and accessories.

Specifications

- Compatible screen sizes: 55-75 inches
- Weight capacity: 35-65 kg
- Height adjustment: Up to 400 mm
- Mobility: Four wheels, two of which are lockable
- Material: Powder-coated steel
- Color: Matt black

The Prokord Height Adjustable Trolley is a robust and versatile solution that provides flexibility and convenience for both interactive and passive display solutions. It is particularly ideal for environments where mobility and stability are essential.
