Product description

CIRAFON USB-C Charging Cable Silicone - Fast Charging and Flexibility

With CIRAFON USB-C Charging Cable Silicone, you get a charging cable of the highest quality, perfectly designed to deliver fast and efficient charging to your USB-C devices. The durable silicone material and sleek design make it an ideal choice for both everyday use and travel.

Key Features

- Perfect for Charging Designed to support USB Power Delivery 3.1 and a power output of up to 240W (48V/5A), making the cable powerful enough to charge everything from cell phones to laptops in no time.
- USB 2.0 Standard Manufactured according to USB 2.0 specifications.
- Flexible and Durable Made with a durable silicone sheath and reinforced connectors to withstand repeated use. The cable is also easy to bend and easy to handle without tangling.
- Available in Several Lengths Choose from 1.3 meters, 2 meters, and 3 meters, so you always have the right length for your needs - whether you're sitting at your desk or charging your device from a remote outlet.
- Premium Design That Lasts The nickel-plated connectors and high-quality materials ensure long-lasting performance and protection against wear and tear. With its modern black design, the cable fits perfectly into any environment.

The CIRAFON USB-C Charging Cable Silicone is designed to meet high standards of performance and quality. It combines power, durability, and flexibility, making it an indispensable tool for your daily charging needs.
