

Charging station 240 W USB-C DisplayGrey

Data sheet

Summary

- ✓ Charge up to four devices simultaneously via USB-C.
- ✓ Up to 240 W total output with support for USB Power Delivery.
- ✓ Integrated display that shows power distribution and charging status in real time.
- ✓ Compact design that fits desks, meeting rooms and shared workspaces.
- ✓ Reduces the need for multiple separate power adapters and contributes to a more organized work environment.

Product description

Cirafon Charging Station 240W USB-C with display

Why companies choose Cirafon Charging Station 240W

- Charge up to four devices simultaneously via USB-C.
- Up to 240 W total output with support for USB Power Delivery.
- Integrated display that shows power distribution and charging status in real time.
- Compact design that fits desks, meeting rooms and shared workspaces.
- Reduces the need for multiple separate power adapters and contributes to a more organized work environment.

Efficient charging for modern workplaces

Cirafon Charging Station 240W USB-C with display is designed for offices, meeting rooms and other professional environments where several devices need to be charged at the same time. With four USB-C ports and support for USB Power Delivery up to 240 W, users can easily connect laptops, tablets and mobile devices to a shared charging point.

Clear overview with integrated display

The built-in display shows the current power distribution between the connected ports in real time. This gives the user a quick overview of charging status and energy consumption, while making it easier to manage when several devices are used in parallel. The function contributes to a more transparent and user friendly experience in shared work environments.

Adapted for professional environments

The compact and stylish design makes the charging station easy to place on desks, in conference rooms or in shared workspaces. By centralizing charging in a single unit, the need for multiple separate power adapters is reduced and it contributes to a more organized and efficient workplace.

Technical Specification Matrix

Header

Manufacturer	Cirafon
--------------	---------

Performance

Charger type	Indoor
Charger compatibility	Beard trimmer, Digital camera, E-book reader, Fitness tracker, Flashlight, Gaming controller, GPS, Head-mounted display, Headphones, Mobile computer, Mobile phone, MP3, MP4, Smartwatch, Tablet, Telephone, Universal, Wearables

Wireless charging	No
USB Type-C ports quantity	4
Programmable power supply (PPS)	Yes
Fast charging	Yes
Country of origin	China
USB Power Delivery	Yes
USB Power Delivery revision	3.1
Number of simultaneously connected devices (max)	4
USB Power Delivery up to	240 W
Power protection features	Overheating, Overload, Short circuit

Design

Product colour	Grey
----------------	------

Power

Port 4 output current	5 A
Input voltage	100 - 240 V
Input frequency	50 - 60 Hz
Maximum power	240 W
Port 1 output power	140 W
Port 1 output current	5 A
Port 2 output power	140 W
Port 2 output current	5 A
Port 3 output power	140 W
Port 3 output current	5 A
Maximum output voltage	28 V
Output current (5V)	3 A
Port 4 output power	140 W
Minimum output voltage	5 V
Output current (9V)	3 A
Output current (12V)	3 A
Output current (15V)	3 A
Output current (20V)	5 A

Packaging data

Quantity per pack	1 pc(s)
-------------------	---------

Package type	Box
Package width	169 mm
Package depth	175 mm
Package height	53 mm
Package weight	944 g

Weight & dimensions

Width	77 mm
Depth	120 mm
Height	38 mm
Weight	6677.38 g
