

UC03R – USB Headset with Microphone, ENC and Teams Support (USB-A + USB-C) Stereo USB-A, USB-C

Data sheet

Product description

VOXICON UC03R – USB Headset with Microphone, ENC and Teams Support (USB-A + USB-C)

Clear and professional communication – every time

VOXICON UC03R is a professional headset designed for companies that demand crystal-clear communication. The advanced ENC (Environmental Noise Cancellation) technology reduces disruptive background noise, ensuring your voice comes through clearly – even in open-plan offices or on the go. It is optimized for digital meetings and customer contact in hybrid work environments.

Smart features for Teams and UC platforms

The integrated inline control module gives you quick access to essential functions. You can easily adjust the volume, mute the microphone, or manage calls with a single press. The dedicated Teams button also activates the status light ("busy light") – a helpful feature that signals when you shouldn't be disturbed.

Comfortable design for long workdays

With soft ear cushions and an adjustable headband, the UC03R ensures comfort during extended use. The flexible microphone boom allows you to position it perfectly for optimal voice pickup. The lightweight, durable design reduces pressure on the head, ideal for professional use.

Flexible connectivity with USB-A and USB-C

Equipped with both USB-A and USB-C connectors, the VOXICON UC03R is compatible with a wide range of devices. It's plug-and-play and works seamlessly with Microsoft Teams, Zoom, Google Meet, and other collaboration platforms – no drivers required.

Technical Specification Matrix

Header

Manufacturer	Voxicon
--------------	---------

Performance

Product type	Headset
Wearing style	Head-band
Recommended usage	Office, Call center
Headset type	Stereo
Market segment	Professional

Product colour	Black
Operating keys	Answer/end call, Mute, Volume -, Volume +
Designed for children	No
Control type	Buttons
Cable length	1.8 m
Volume control	Button
Foldable	Yes
Control unit type	In-line control unit
Detachable cable	No
Cable colour	Red

Ports & interfaces

Connectivity technology	Wired
USB connectivity	Yes
USB connector	USB-A, USB-C

Headphones

Maximum input power	30 MW
Headphone frequency	0 - 20000 Hz
Acoustic system	Closed
Driver unit	40 mm
Impedance	32 Ohm
Headphone sensitivity	117 dB
Number of drivers	2

Microphone

Microphone type	Boom
Microphone frequency	100 - 10000 Hz
Microphone sensitivity	-38 dB
Detachable microphone	No
Folding microphone	Yes
Microphone direction type	Omnidirectional
Microphone noise-canceling	Yes
Microphone mute	Yes

Weight & dimensions

Width	186 mm
Depth	156 mm
Height	68 mm
Weight	190 g

Packaging content

Pouch	Yes
