Product description

Created to help you unlock your full potential, Voxicon Prime equips you with the key tools that enhance both your creativity and daily efficiency. Voxicon Prime combines sleek design with outstanding functionality tailored for the modern workday.

From the very first click on the smoothly designed mouse, you'll feel the difference — a difference that makes it hard to ever go back.

Voxicon Wireless Mouse Prime EX5 – Ergonomic, Silent and Ready for Multitasking

The Voxicon Prime EX5 is a wireless mouse built for those who work efficiently across multiple devices. Combining stylish design, high comfort and smart features like silent clicks, adjustable DPI and seamless switching between Bluetooth and 2.4 GHz, this mouse is tailored for productivity at home or in the office.

Its ergonomic grip and quiet buttons ensure comfort during long work sessions, while the smart scroll wheel and side buttons offer quick control of your apps and browsing. Perfect for users who want performance, silence, and flexibility in one.

Designed to Fit the Way You Work

Whether you're working from home, on the go or in an open-plan office, the Prime EX5 is built to be flexible and quiet — without compromising precision. Silent clicks let you focus without disturbing others, and the adjustable DPI levels give you the control needed for any task.

With multi-device support, you can easily switch between a laptop, tablet and phone with a single button press. Dedicated side buttons and a “show desktop” key (Windows) help streamline your workflow and save time.
