- ✓ Toolless tilt – Tilt adjustment from +5° to -10° for optimal viewing

Product description

Prokord TV Cart 55–100" Premium – Adjustable Height, VESA 1000x600, 120 kg

The Prokord TV Cart 55–100" Premium is a robust and flexible solution for those who need a mobile and height-adjustable display stand for large screens up to 100 inches – and also suitable for smaller sizes starting at 55 inches. Whether for office presentations, classroom teaching or digital signage in public spaces, this steel construction delivers a perfect combination of stability, usability, and sleek design.

With support for VESA up to 1000x600 and a maximum weight capacity of 120 kg, the cart handles most professional TVs and large-format displays. Integrated cable management, shelves for cameras and accessories, and heavy-duty locking casters make it both practical and safe to use.

Key Features

- Fits screens from 55–100" – Universal compatibility with wide VESA support (200x200 to 1000x600)
- Durable steel construction – Triple load-tested for maximum safety
- Height adjustable (450 mm) – Easily adapts to any setting or user
- Quick-Release Spring Lock – Tool-free height adjustment in seconds
- Toolless tilt – Tilt adjustment from +5° to -10° for optimal viewing
- Camera & accessory shelves – Adjustable and supports up to 5 kg each
- Heavy-duty lockable wheels – Easy to move, stable when stationary
- Integrated cable management – Clean and professional installation

Easy Assembly and User-Friendly Design

The well-designed frame makes the cart easy to assemble with clear instructions and included screw kits – even for Samsung TVs. The quick-release mechanism and tool-free adjustments allow effortless control over height and tilt, regardless of user experience. The built-in direction indicator provides extra confidence during setup and repositioning.

For Offices, Education, Events, and Public Displays

This premium cart is built for environments where flexibility, performance, and design all matter. It's especially well suited for businesses, schools, conference rooms, and trade shows where screens need to be moved or adjusted regularly. The matte black finish and minimalist form factor ensure it blends into any professional setting – while offering a solid and secure display solution.
