Product description

Voxicon Wireless Keyboard 320WL – Full-Size, Silent and Versatile

The Voxicon 320WL is a full-size wireless keyboard that combines a low-profile design, quiet membrane technology, and practical functionality – perfect for the office, home workspace or educational settings. With support for both 2.4 GHz wireless connection and Bluetooth, it connects seamlessly to most computers, laptops and tablets.

The full-size Nordic QWERTY (ISO) layout enables efficient typing, while the quiet keys and low profile help create a comfortable work environment. The keycaps are made from durable ABS and rated for up to 30 million keystrokes.

Connect to Multiple Devices at Once

Thanks to multi-point technology, you can connect the Voxicon 320WL to multiple devices at the same time – for example, your laptop and your tablet – and switch between them with a single button press. Ideal for anyone who works across different platforms during the day.

Flexible Wireless Connectivity

Easily connect using the included 2.4 GHz USB receiver or via Bluetooth for maximum compatibility. With a range of up to 10 meters, you can work freely without cable clutter. The keyboard runs on 2x AAA batteries (included) and features a power-saving mode that activates automatically when not in use – helping to extend battery life.

Copilot Key for AI Productivity

The keyboard includes a dedicated Copilot key designed for Windows 11. With one press, you can access Microsoft Copilot – an AI assistant that helps you summarize text, create content, search information, and manage apps. A smart boost for an efficient workday.
