Product description

Why choose this silicone case?

Cirafon CM17P-SIL mobile phone case Cover Black brings reliable protection and a sleek look to your iPhone 17 Pro. The soft silicone cushions against drops and scratches while keeping a slim profile. Precise cutouts keep ports, buttons and the 6.3" screen accessible, and the matte, non-slip finish helps you hold the device securely in daily use.

Cirafon CM17P-SIL in short:

- Flexible silicone material absorbs shocks and resists everyday wear
- Slim cover that preserves the iPhone 17 Pro silhouette and pocketability
- Raised camera edge protects lenses while maintaining clean access for photos
- Matte soft-touch surface for improved grip and a professional appearance
- Precise cutouts for buttons, speakers and charging, compatible with wireless charging

Product details

The Cirafon CM17P-SIL is a straightforward silicone cover for the iPhone 17 Pro that focuses on protection and usability. It cushions impacts, resists scratches, and leaves the phone’s controls and cameras fully accessible. You can keep wireless charging and daily handling effortless thanks to the slim fit and tactile finish. Installation is simple, and the case maintains a low-profile look while adding reliable everyday protection.
