- ✓ Note: this is a wired keyboard and does not include Bluetooth or an AC adapter.

Product description

Why choose this keyboard?

Voxicon DK-219W-INT keyboard Home/Office USB + Bluetooth QWERTY US International Black offers a reliable wired connection and a full-size layout that speeds data entry. Membrane keys provide quiet, comfortable typing for long sessions. USB-A and USB-C compatibility and a 1.5 m cable make placement flexible for home or office setups.

DK-219W-INT keyboard Home/Office USB + Bluetooth QWERTY US International Black in short:

- Full-size 100% layout with numeric keypad, suited for spreadsheets and accounting tasks.
- Membrane key switches for a quieter typing experience in shared workspaces.
- Wired USB connection with USB-A and USB-C plugs and a 1.5 m fixed cable for flexible placement.
- US International QWERTY with ISO physical layout, useful for multilingual input and European desks.
- Note: this is a wired keyboard and does not include Bluetooth or an AC adapter.

Design and typing experience

The keyboard combines a slim, black profile with low-profile membrane keys that reduce typing noise. The full-size arrangement includes a dedicated numeric keypad so you can enter numbers faster and work efficiently in finance or data-entry tasks. The US International layout supports accented characters while the ISO physical layout offers a familiar key shape for many users.

Connectivity and setup

The keyboard connects and draws power over USB, with both USB-A and USB-C connectors for broad compatibility. The 1.5 m fixed cable gives room to position the keyboard comfortably on standard desks. No detachable cable or external power adapter is required.

Ideal use cases and considerations

This keyboard fits routine home and office workflows where a stable wired connection and quiet typing matter. It is practical for administrative work, accounting, and multitasking on a single workstation. If you need wireless operation, consider that this model is wired only.
