- ✓ Adjustable tilt for better ergonomics during longer typing sessions.

Product description

Voxicon DK-219W – Wired keyboard with USB-C/USB-A, Nordic

Why choose this keyboard?

Voxicon DK-219W is a reliable wired keyboard for everyday work at the office and home office. The Nordic QWERTY layout in ISO format provides a familiar feel, while low-profile membrane keys offer quiet and comfortable typing. With both USB-C and USB-A connectivity, the keyboard is easy to use with both modern and older computers, without adapters.

What you get with Voxicon DK-219W

- Dual USB connection (USB-C and USB-A), works directly with both new and older computers.
- Nordic ISO layout adapted for Swedish, Norwegian, Danish and Finnish users.
- Quiet typing feel suitable for open office environments and home offices.
- Spill-resistant design that can handle minor accidents in everyday work.
- Adjustable tilt for better ergonomics during longer typing sessions.

Typing feel and functionality

The keyboard has a classic full-size layout with 106 keys and function keys that provide quick access to common commands. The low-profile ABS keycaps and the balanced actuation force make typing comfortable even during longer work periods. 6-key rollover handles simultaneous key presses reliably for normal office work.

Design, connectivity and installation

Voxicon DK-219W is designed for simple and hassle-free use. The 1.5 meter cable provides flexibility on the desk and the slim design makes the keyboard easy to place even on smaller workspaces. No software or drivers are required, just connect the keyboard and start working right away.
