## Prokord Recessed Power Outlet for Desk with USB-A and USB-C

### Why choose this recessed power outlet for desks?

Prokord Recessed Power Outlet for Desk with USB-A and USB-C is a practical and discreet solution for providing both power and charging directly in desks, conference tables or countertops. By combining a grounded type F wall outlet with USB-A and USB-C ports it becomes easy to power work equipment and charge mobile devices from the same location.

The recessed design contributes to a clean and organized workspace while the matte black finish blends into modern office and work environments. The product is made of durable ABS and adapted for daily use in professional settings.

### Recessed power outlet with USB, in brief

- Recessed power outlet for desks, conference tables and countertops
- Grounded type F (Schuko) wall outlet
- USB-A and USB-C ports for charging mobile devices
- USB output 5 V up to 3 A
- Mounted in a standard 60 mm hole for flush installation
- 1.8 meter long connection cable for flexible placement
- Discreet matte black design in robust ABS

### A cleaner and more functional workspace

The outlet is mounted directly in the tabletop and sits flush with the surface, which provides a neat and professional impression. The compact size means that the module takes up minimal space above the desk while providing easy access to both power and charging where it is needed.

The fixed cable made of pure copper ensures stable power supply and long service life. The product is intended for standard 220–230 V mains voltage and is just as suitable in offices and meeting rooms as in home offices and commercial environments.

### Product information

- External dimensions: 75 × 70 mm
- Cut-out: 60 mm
- Material: ABS
- Colour: Black
- Rated voltage: 230 V
- Connection cable: 1.8 m (pure copper)
- Outlets: 1 × AC (type F), 1 × USB-A, 1 × USB-C
- USB output: 5 V / 3 A
