

Power Strip with Switch and USB

Data sheet

Summary

- ✓ 3 grounded Type F outlets (Schuko)
- ✓ 2 USB ports (1x USB-A, 1x USB-C)
- ✓ USB-C with Power Delivery up to 20 W
- ✓ Total USB output of 15.5 W
- ✓ Fast charging for compatible devices

Product description

Prokord power strip with USB, flexible power distribution with charging

Prokord power strip with integrated USB ports is developed for modern workplaces and home environments where both power supply and charging need to be convenient and easily accessible. With three grounded Type F outlets and both USB-A and USB-C, you can easily connect and charge multiple devices at the same time.

The compact design makes the power strip easy to place on a desk, under workstations or behind equipment. The angled plug simplifies installation in confined spaces and reduces strain on the cable.

An integrated power switch gives you easy control of connected devices and makes it possible to turn off the power when the equipment is not in use.

Advantages

- 3 grounded Type F outlets (Schuko)
- 2 USB ports (1x USB-A, 1x USB-C)
- USB-C with Power Delivery up to 20 W
- Total USB output of 15.5 W
- Fast charging for compatible devices
- 3 meter cable for flexible placement
- Angled plug for easier installation
- Integrated power switch
- Child-protected outlets for increased safety
- Maximum load up to 16 A / 3680 W
- Robust design with 1.5 mm² copper conductors
- Made of fire-retardant material
- 1 year warranty

Perfect for office and home

The power strip is optimized for use with computers, screens, chargers and other electronics. The combination of power outlets and USB charging makes it a practical solution for desks and workstations where multiple devices are used at the same time.

With both USB-A and USB-C, you can charge everything from mobile phones and tablets to accessories without needing separate chargers.

Safe and functional design

The power strip is equipped with child-protected outlets and meets relevant safety standards such as CE, RoHS and GS. The design is intended for indoor use (IP20) and provides stable and reliable power supply for daily use.

Please note that this model does not have surge protection.

More sustainable material choice

The product is manufactured with a focus on reduced environmental impact. The plastic housing contains 20 % recycled material, which helps reduce resource consumption without compromising on quality or durability.

Technical Specification Matrix

Header

Manufacturer	Prokord
--------------	---------

Features

Universal plug connector types	Type F
Fast charging	Yes
Cable length	3 m
Conductor material	Copper
Child protection	Yes
AC outlet types	Type F
Power plug type	Type F (CEE 7/4)
Power plug form factor	Angled
On/off switch	Yes
Product colour	Black, Grey
Safety shutter	Yes
Placement supported	Indoor
Suitable location	Home office, Office, School
International Protection (IP) code	IP20
Core size	1.5 mm ²
Fast charging technology	Power Delivery
USB Power Delivery	Yes
Illuminated on/off switch	No

Technical details

Sustainability certificates	Global Recycled Standard (GRS)
Warranty period	3 year(s)
Compliance certificates	CE, REACH, RoHS

Ports & interfaces

AC outlets quantity	3 AC outlet(s)
---------------------	----------------

USB Type-A ports quantity	1
USB Type-C ports quantity	1
USB ports quantity	2

Power

AC input voltage	230 V
Maximum input power	3680 W
AC input frequency	50 Hz
Maximum current	16 A
USB Type-A output power	15 W
USB Type-C output power	20 W

Weight & dimensions

Width	300 mm
Height	65 mm
Depth	95 mm
Weight	553 g
