

Power Strip with Switch

Data sheet

Summary

- ✓ Available in models with 3–8 Type F outlets
- ✓ Cable lengths from 1.5 to 3 meters
- ✓ Angled plug for easier installation behind furniture
- ✓ Integrated power switch
- ✓ Child-protected outlets for increased safety
- ✓ Max load up to 16 A / 3680 W

Product description

Prokord power strip, reliable power distribution for workplaces

Prokord's series of power strips is developed for professional environments where stable and safe power supply is an important part of the workplace infrastructure. The series includes models with 3 to 8 Type F outlets and cable lengths from 1.5 to 3 meters, making it easy to choose the right solution for offices, schools, meeting rooms and technical workspaces.

The compact design makes the power strip easy to place under desks, in cable management systems or behind equipment. An angled plug facilitates installation in wall sockets behind furniture and reduces strain on the cable.

The integrated power switch makes it possible to easily turn connected equipment on or off and provides better control over energy consumption in work environments.

Advantages

- Available in models with 3–8 Type F outlets
- Cable lengths from 1.5 to 3 meters
- Angled plug for easier installation behind furniture
- Integrated power switch
- Child-protected outlets for increased safety
- Max load up to 16 A / 3680 W
- Robust design with 1.5 mm² copper conductors
- 3 year warranty

Optimized for offices and IT equipment

The power strips are designed to deliver stable power to common office and IT equipment such as computers, monitors, docking stations, chargers and network equipment. The design is adapted for daily use in professional environments where multiple devices need to be connected in a safe and organized way.

The products comply with relevant regulations and standards such as CE, RoHS and REACH.

More sustainable material choice

The power strips are manufactured with materials that comply with the Global Recycled Standard (GRS). The plastic housing contains 20 % recycled material, which helps reduce the use of new raw materials while maintaining the product's durability and function.

Technical Specification Matrix

Header

Manufacturer	Prokord
--------------	---------

Features

Universal plug connector types	Type F
Cable length	1.5 m
Conductor material	Copper
Child protection	Yes
AC outlet types	Type F
Power plug type	Type F (CEE 7/4)
Power plug form factor	Angled
On/off switch	Yes
Product colour	Grey, White
Safety shutter	Yes
Placement supported	Indoor
Suitable location	Home office, Office, School
International Protection (IP) code	IP20
Core size	1.5 mm²
Illuminated on/off switch	No

Technical details

Sustainability certificates	Global Recycled Standard (GRS)
Warranty period	3 year(s)
Compliance certificates	CE, REACH, RoHS

Ports & interfaces

AC outlets quantity	6 AC outlet(s)
---------------------	----------------

Power

AC input voltage	230 V
Maximum input power	3680 W
AC input frequency	50 Hz
Maximum current	16 A

Weight & dimensions

Width	360 mm
Height	65 mm
Depth	85 mm
Weight	390 g
