

Surge Protector

Data sheet

Summary

- ✓ Protects against surge (190 J)
- ✓ Fast response time ($< 1 \text{ ns}$)
- ✓ Max surge current: 6000 A
- ✓ 1 grounded Schuko outlet
- ✓ LED indicator shows active protection

Product description

Prokord Surge Protector, compact protection for your electronics

Prokord's surge protector is a convenient and effective solution to protect your electronics against sudden voltage spikes. The compact design connects directly to the wall outlet and provides safe protection for one connected device, perfect for computers, TVs and other sensitive electronics.

With integrated protection of 190 joules and a fast response time, the adapter reacts immediately to voltage variations and helps prevent damage to your equipment. The built-in LED indicator clearly shows that the protection is active.

Benefits

- Protects against surge (190 J)
- Fast response time (< 1 ns)
- Max surge current: 6000 A
- 1 grounded Schuko outlet
- LED indicator shows active protection
- Compact design, connects directly to wall outlet
- Child-protected outlet
- Handles up to 16 A / 3680 W
- Made of fire-resistant material
- 2-year warranty

Safety for everyday electronics

Perfect for use at home and in the office where you want to protect computers, monitors, routers and other electronics from disturbances in the power grid. Easy to use, connect directly to the wall outlet and plug in your device.

Quality and standards

The product meets relevant requirements according to CE and RoHS and is designed for safe indoor use (IP20).

Technical Specification Matrix

Header

Manufacturer	Prokord
--------------	---------

Power

AC outlets quantity	1 AC outlet(s)
Surge energy rating	190 J

Nominal input voltage	230 V
AC outlet types	Type F
Nominal current output	16 A
AC input frequency	50 Hz
Peak current, normal mode	6000 A
Peak power	3680 W

Ports & interfaces

Power plug	Type F (Schuko)
------------	-----------------

Features

Product colour	White
Material	Plastic
Outlets with safety shutters	Yes
Safe for children	Yes

Technical details

Quantity per box	1 pc(s)
Child protection	Yes
Warranty period	2 year(s)

Weight & dimensions

Weight	76 g
Width	55 mm
Depth	75 mm
Height	80 mm

Indication

LED indicators	Yes
Surge indicator	Yes
