

3-Way Power Adapter Euro

Data sheet

Summary

- ✓ 3 Euro sockets (Type E)
- ✓ Compact design, connects directly to wall outlet
- ✓ Perfect for smaller electronics and accessories
- ✓ Childproof sockets for increased safety
- ✓ Max load: 7.5 A / 1725 W
- ✓ Made of durable plastic

Product description

Prokord 3-way adapter, smooth power distribution in a compact format

Prokord's 3-way adapter is a simple and practical solution for expanding a wall outlet into three Euro sockets. Perfect for home and office where you need to connect several smaller devices in the same place.

The compact design allows the adapter to sit directly in the wall outlet without taking up unnecessary space, which makes it ideal behind furniture or in tight spaces.

Benefits

- 3 Euro sockets (Type E)
- Compact design, connects directly to wall outlet
- Perfect for smaller electronics and accessories
- Childproof sockets for increased safety
- Max load: 7.5 A / 1725 W
- Made of durable plastic
- 2-year warranty

Perfect for everyday use

The adapter is ideal for connecting, for example, lamps, chargers and other small electronics where multiple sockets are needed in a limited space.

Safe and simple solution

Equipped with childproof sockets and designed for indoor use (IP20). The product meets relevant standards such as CE and RoHS.

Technical Specification Matrix

Header
