

USB-C Hub 2-Port – 2x USB-A 5Gbps

Data sheet

Summary

- ✓ Adds two USB 3.2 Gen 1 (USB-A) ports to a USB-C host, useful for external drives, keyboards, mice, and flash drives.
- ✓ Up to 5 Gbit/s data transfer rate, suitable for faster file movement and backups.
- ✓ Compact black design and low weight for travel and hot-desking.
- ✓ 0.3 m cable keeps the hub close to your device and reduces desk clutter.
- ✓ Consider the short cable length when planning a fixed desktop layout.

Product description

Why choose this hub?

Prokord PK-CBH2A USB-C Hub 2x USB-A (5 Gbit/s) Black gives your USB-C laptop or tablet two USB-A ports for peripherals and storage. It supports up to 5 Gbit/s transfers and has a compact, lightweight form for easy transport. The short cable and plug-and-play setup make it a practical way to add immediate connectivity without extra software.

Prokord PK-CBH2A USB-C Hub 2x USB-A (5 Gbit/s) Black in short:

- Adds two USB 3.2 Gen 1 (USB-A) ports to a USB-C host, useful for external drives, keyboards, mice, and flash drives.
- Up to 5 Gbit/s data transfer rate, suitable for faster file movement and backups.
- Compact black design and low weight for travel and hot-desking.
- 0.3 m cable keeps the hub close to your device and reduces desk clutter.
- Consider the short cable length when planning a fixed desktop layout.

Product details

This compact adapter converts a single USB-C port into two USB-A ports, letting you connect standard peripherals without adapters. The USB 3.2 Gen 1 performance helps reduce wait time when transferring large files to external storage. With its compact housing and short cable, the hub stays close to your device and keeps workspaces tidy. The unobtrusive black finish suits professional environments and mobile setups.
