Product description

CIRAFON USB-C Laptop Charger 140W

Powerful, safe and compact USB-C charger for modern laptops

CIRAFON USB-C Laptop Charger 140W delivers fast and safe charging for powerful USB-C laptops and other high-performance devices. With support for USB Power Delivery 3.1, the charger delivers up to 140W for efficient charging at home, in the office or on the go.

Perfect for modern laptops from Apple, Dell, HP, Lenovo and other USB-C PD compatible devices.

USB-C & USB-PD 3.1 – next-generation charging

The charger uses USB-C with USB Power Delivery 3.1, a modern and universal charging standard used by many of today’s laptops, tablets and smartphones. With support for higher power levels, the charger can handle even more demanding USB-C devices.

Safe charging you can trust

- CE certified and tested according to European safety standards
- Built-in protection against overvoltage, overheating, short circuit and overload
- Stable and efficient charging for everyday use

Perfect to keep in your bag

The compact design makes the charger easy to bring anywhere. Perfect as an extra charger for work, studies and travel – while reducing the need for multiple chargers for your USB-C devices.
