Product description

Why choose this USB numeric keypad?

The Voxicon DNP-051W Wired Numpad is a compact numeric keypad designed to improve productivity when working with spreadsheets, accounting software, ERP systems and other number-intensive applications. By adding a dedicated number pad to laptops and compact keyboards, it enables faster data entry and reduces errors during everyday work.

Voxicon DNP-051W Wired Numpad in short:

- Dedicated 20-key numeric keypad for faster and more accurate data entry.
- USB-C connector with attached USB-A adapter for broad compatibility.
- Ideal for Excel, accounting, invoicing, inventory management and office applications.
- Integrated navigation keys including Home, End, Page Up, Page Down, Insert and Delete.
- Plug-and-play installation with no software or drivers required.
- Compact design that fits easily alongside laptops and compact keyboards.

Product details

The Voxicon DNP-051W is designed for professionals who regularly work with numbers. Whether you're entering financial data, processing invoices, managing inventory or working in spreadsheets, the dedicated keypad helps improve efficiency and comfort.

The quiet membrane keys provide reliable performance in office environments, while integrated navigation keys make it easier to move through documents and large datasets. The built-in USB-C connector and included USB-A adapter ensure seamless compatibility with both modern laptops and traditional desktop computers.
