

20W USB-C fast charger with USB-C cable 1m White

Data sheet

Summary

- ✓ 20 W USB-C wall charger with support for fast charging of iPhone
- ✓ USB Power Delivery (USB-PD) for fast, safe and optimized charging
- ✓ GaN technology for high efficiency in a compact format
- ✓ USB-C to USB-C cable for charging and data transfer
- ✓ Durable, flexible and tangle-free silicone construction

Product description

Key features

- 20 W USB-C wall charger with support for fast charging of iPhone
- USB Power Delivery (USB-PD) for fast, safe and optimized charging
- GaN technology for high efficiency in a compact format
- USB-C to USB-C cable for charging and data transfer
- Durable, flexible and tangle-free silicone construction
- Compatible with iPhone, iPad and other USB-C devices

Fast charging optimized for iPhone

This Cirafon charging kit is a powerful and reliable solution for fast charging of iPhone and other compatible devices. With support for USB Power Delivery (USB-PD), the charging power is automatically adjusted to your device, which enables fast, stable and safe charging while protecting the battery lifespan. When the charger is used together with a compatible USB-C to Lightning cable (sold separately), your iPhone can be charged up to about 50 % in around 30 minutes.

The charger is also compatible with other devices such as iPad, wireless headphones and USB-C based smartphones, which makes it a versatile solution for modern charging needs.

Premium design with GaN technology and durable silicone cable

The wall charger is equipped with modern GaN technology (gallium nitride), which provides high performance, improved energy efficiency and effective heat management in a compact and stylish format. This makes the charger ideal for daily use, at home, in the office and when travelling.

The included USB-C to USB-C silicone cable is designed for long-lasting durability and smooth handling. The flexible and durable silicone material prevents tangling and wear, while ensuring stable charging and reliable data transfer. Together, the charger and cable form a professional and complete charging solution for your devices.

Technical Specification Matrix

Header

Manufacturer	Cirafon
--------------	---------

Performance

Charger type	Indoor
Charger compatibility	Universal
Power source type	USB
USB Type-C ports quantity	1

Fast charging	Yes
USB Power Delivery	Yes
USB Power Delivery revision	3.0
Number of simultaneously connected devices (max)	1
USB Power Delivery up to	20 W

Design

Product colour	White
Gallium nitride (GaN) transistors	Yes
Cable length	1 m
