Product description

Cirafon Recycled TPU Case – Sustainable, Shock-Resistant & MagSafe Compatible

Cirafon Recycled TPU Case is a slim yet shock-resistant case that protects your device against everyday wear and tear. The case fits tightly around the edges and protects against scratches and abrasion, keeping your device in top condition for a long time. It is lightweight, flexible and comfortable in the hand while giving you full access to buttons, microphone, speakers, charging port and camera.

With built-in support for MagSafe and Qi2, the case works seamlessly with magnetic chargers and accessories, so you can charge wirelessly and use compatible mounts, wallets and other MagSafe products without removing the case.

Sustainable & Made from Recycled Material

Cirafon Recycled TPU Case is made from 100 % recycled TPU, certified according to the Global Recycled Standard, and developed with a strong focus on sustainability. According to an independent life cycle assessment, carried out in line with international standards ISO 14067 and ISO 14044, the case has a low carbon footprint of 0.103 kg (0.000103 ton) CO₂-e.

The largest environmental impact comes from energy use during production, but by using recycled plastic and optimizing transport and waste management, the climate footprint is minimized. Choose a case that protects both your device and our planet. 🌱♻️

Cirafon – Quality & Protection for Your Devices

Cirafon offers a wide range of accessories for mobiles, tablets and computers, including phone cases, chargers, screen protectors, privacy filters and laptop bags. For complete protection of your device, combine it with one of our screen protectors from Cirafon.
