

Extension Cable 10m CEE7/7 CEE7/4 Red

Data sheet

Summary

- ✓ 10 m length for flexible placement of equipment in offices, workshops, or event spaces.
- ✓ Angled 90° male CEE7/7 plug, designed to sit flat against walls or behind furniture.
- ✓ Straight female CEE7/4 Schuko socket for grounded connections to standard European appliances.
- ✓ Bright red colour for easy identification and reduced trip-hazard risk on busy sites.
- ✓ Consider socket clearance and panel depth when using the angled plug in recessed outlets.

Product description

Why choose this extension cable?

Prokord Extension Cable 10m Angled Schuko Red gives you a visible, grounded power extension that helps keep equipment powered at a distance while reducing plug strain. The 10 metre length adds placement flexibility, the 90° angled male plug helps when space is tight, and the straight female Schuko socket makes connecting devices simple and reliable.

Extension Cable 10m Angled Schuko Red in short:

- 10 m length for flexible placement of equipment in offices, workshops, or event spaces.
- Angled 90° male CEE7/7 plug, designed to sit flat against walls or behind furniture.
- Straight female CEE7/4 Schuko socket for grounded connections to standard European appliances.
- Bright red colour for easy identification and reduced trip-hazard risk on busy sites.
- Consider socket clearance and panel depth when using the angled plug in recessed outlets.

Product details

This extension cable extends mains power while maintaining a grounded connection between devices and the wall socket. The angled CEE7/7 male plug reduces stress on the connection and helps route the cable neatly where space is limited. The straight CEE7/4 female socket accepts standard Schuko plugs, so you can connect monitors, chargers, or power tools without adapters. The red jacket improves visibility for temporary installations and makes circuit identification easier.
