Product description

Why choose the Ciraфон CS-STYPRO2-W?

The Ciraфон CS-STYPRO2-W is a versatile stylus designed for writing, note-taking, sketching and everyday iPad navigation. Featuring palm rejection, tilt sensitivity and a precise 1.5 mm tip, it delivers a natural writing experience with smooth and responsive performance.

With Bluetooth connectivity, dual charging options and up to 10 hours of battery life, the CS-STYPRO2-W is built to keep up with both productivity and creativity throughout the day.

Key features

- Precise 1.5 mm replaceable tip for accurate writing, drawing and navigation.
- Palm rejection technology allows you to rest your hand naturally on the screen while writing or sketching.
- Tilt sensitivity enables natural shading and drawing techniques.
- Bluetooth connectivity with battery status display directly on compatible iPads.
- Shortcut controls: single click returns to the Home screen, double click opens multitasking.
- Dual charging support with magnetic wireless charging on compatible iPads and USB-C charging as an alternative.
- Up to 10 hours of use on a single charge.
- Automatic sleep mode after 5 minutes of inactivity to extend battery life.
- Lightweight and ergonomic design for comfortable all-day use.

Work, Create and Navigate with Ease

The CS-STYPRO2-W connects via Bluetooth to provide quick-access shortcuts and real-time battery monitoring. A simple press-and-hold of the top button powers the stylus on or off, while integrated LED indicators clearly display operating and charging status.

The stylus can be charged magnetically on supported iPad models or through the built-in USB-C port, reaching a full charge in approximately 60–90 minutes via cable. The durable POM tip is replaceable for extended product life and ensures a smooth, responsive writing experience for everyday productivity and creative work.

Compatibility

Compatible with iPad models from 2018 and later for writing, drawing, palm rejection and tilt functionality.

Magnetic charging is supported on selected iPad Pro, iPad Air and iPad mini models. Please check your iPad model for compatibility, as magnetic charging is not supported on certain newer iPad models released from 2024 onwards.
