- ✓ Limits visibility from four directions for increased privacy
- ✓ Transparent surface that preserves the screen's sharpness and color reproduction
- ✓ Easy installation with the included magnetic mounts
- ✓ Can be quickly removed and reattached when needed

Product description

Why choose this privacy filter?

Cirafon Magnetic Privacy Filter protects sensitive information from prying eyes while the screen maintains high image quality when you work straight in front of it. The magnetic design allows the filter to be quickly mounted or removed without adhesive on the filter itself, making it easy to switch between private and open use. The included magnetic mounts are installed discreetly on the computer for secure and smooth installation.

Cirafon Magnetic Privacy Filter in brief:

- Magnetic privacy filter for laptops with 14" screen in 16:10 format
- Limits visibility from four directions for increased privacy
- Transparent surface that preserves the screen's sharpness and color reproduction
- Easy installation with the included magnetic mounts
- Can be quickly removed and reattached when needed

Protect sensitive information

Work securely at the office, on the train or in a café without people around you being able to see the content on your screen. The privacy filter limits the viewing angle while you still get a clear image when sitting directly in front of the computer.

Magnetic mounting

The included magnetic mounts are discreetly attached to the computer's screen bezel and allow the privacy filter to be easily clicked on or removed in just a few seconds. It is a practical solution if you only want to use the filter when needed.

Designed for 14" 16:10

The filter is designed for laptops with a 14-inch screen in 16:10 format (301 × 188 mm). The slim design is touch compatible, easy to clean and does not affect the computer's everyday use.

The package contains

- Magnetic privacy filter
- Magnetic mounts for installation
- Cleaning cloth
- Installation guide
