

S4M™

Thermal, On-demand, Metal Bar Code Printer

The easy way to add dependable printing

Whether you're new to bar coding, upgrading from a desktop printer or adding new printers, Zebra's S4M thermal printer delivers an affordable solution for many labelling requirements. Designed for the budget-minded, this printer offers you ease of use, the durability of a metal frame case and a full 203mm (8") media roll capacity that means fewer roll changes.

Easy to use

The S4M printer's front control panel features a streamlined menu for simple navigation, while its tried-and-tested side-loading design eliminates the need to thread labels and ribbons, making loading quick and easy.

Easy to integrate

For easy system integration, the S4M printer offers a variety of ways to connect, from serial, parallel and USB interfaces to internal 10/100 Ethernet or wireless 802.11b. And it will fit right in with your other printers, Zebra® or other brand, because it speaks a variety of programming languages (ZPL®, EPL™ and APL™).

Reliability on demand™

S4M™

Zebra's S4M printer provides the features needed to support many applications, including:

- Compliance labelling: comply with the latest industry and customer requirements
- Manufacturing: provide accurate end-to-end identification to track materials through your factory or supply chain
- Distribution: bar code labelling for packing, shipping and inventory management
- Healthcare patient safety: hospital pharmacy unit-dose labelling, specimen and lab labelling, wristband printing and admissions/records labelling
- Post and Parcel: mailing labels, franking and depot-printing
