

Ready when you are.

# M Universal Projector Ceilingmount I

Art No: 7 350 022 730 311

Due to its extension arm it is also suitable in most living rooms, allowing everyone to create the perfect movie theatre at home. Its flexibility allows the user to adjust the distance from the ceiling to the projector.

Without the extension arm, the projector will hang 120 mm from the ceiling. The adjustable extension arm can be set to 430 mm or 650 mm. Projector cables can easily be hidden inside the extension arm.
