

LaCie Hard Disk, Design by Neil Poulton

Hi-Speed USB 2.0

**Serious Storage.
Subtle Design.**

Compact & Easy To Use

The efficient and simple LaCie Hard Disk, Design by Neil Poulton is compact and easy for anyone to use. Very small for its huge capacity, this lightweight drive has a fashionable, mirror-polished finish. Setup is nearly effortless; it's plug & play and offers customizable formatting with LaCie Setup Assistant. LaCie '1-Click' Backup Software for PC and Mac® is included for quickly saving files in one click.

Discreet Design & Function

The LaCie Hard Disk, Design by Neil Poulton adds sophisticated style to your desktop yet its presence is quiet and unobtrusive. This compact, sleek hard drive has a unique distinguishing feature - a cool, blue LED strip on its underside that creates an ambient glow. Its smartly engineered design allows for heat dissipation and near-silent, fanless operation.

Hi-Speed USB 2.0

With Hi-Speed USB 2.0, this hard drive makes a great companion to your PC or Mac. Even use it as a reliable data shuttle between USB-equipped desktop and laptop computers. Advantages of Hi-Speed USB 2.0 include: universal compatibility, cross-platform convenience, hot-pluggable connections, and good transfer rates.

Multiple Uses

The user-friendly LaCie Hard Disk, Design by Neil Poulton is a great storage tool for laptops or workstations. Use it to regularly back up your entire system or upgrade capacity when your computer's hard drive is full. Conveniently download digital photos and save all of your music files. Its subtle, all-black design blends perfectly into dark home entertainment setups and work stations.

500GB=
710 DivX movies or
135,000 songs or
550,000 photos**
