Conserve desk space by suspending up to five flat panel monitors on a single base. Choose between multiple configurations and adjustment ranges. Easily adjust the height and position of all monitors to a comfortable, ergonomically appropriate position. Patented pivot mechanisms allow you to tilt, pivot and turn your flat panel monitors for maximum efficiency. Free Standing, Desk Clamp, and Grommet Mount Bases are available.

Pivot is height-adjustable on pole.

Monitor attaches to pivot with screws, or with optional tool-less thumb screws (shown).

Cables are guided cleanly through cable channels.

Monitors can be aligned into a curved profile to benefit viewing.

Slide pivot along crossbar to accommodate different monitor widths.

Sleek low-profile base with durable finish provides stability and space savings.
