

High-powered, low-cost performance

24 Port

10/100 Mbps Fast Ethernet Switch

JFS524

Need a quantum leap in office network capability? **NETGEAR** delivers a cost-effective solution – the JFS524. This unmanaged 10/100 Fast Ethernet switch provides expanded connectivity for small office networks so users no longer have to compete with each other for bandwidth. All of the essential features – automatic speed and full/half duplex sensing, 200 Mbps throughput per port, Auto Uplink™ – are included, but at an economical price that a value-conscious business owner can't ignore.

FRUGAL

Twenty-four ports of speed and capacity at a modest price, with no compromising on quality – that's what you can expect from NETGEAR's hardworking JFS524.

SKILLFUL

Switched 10/100 ports provide private bandwidth for PCs, servers, or hubs, and support 200 Mbps of throughput. Each port delivers 200 Mbps of network speed in full-duplex mode.

ALERT

Ever-vigilant, the JFS524 begins to operate as soon as it's powered on – with no configuration required. All 24 ports deliver automatic speed and full/half duplex sensing, plus Auto Uplink™ which adjusts for straight-through or crossover cables to make the right link.

OBLIGING

This rugged metal unit is conveniently compact for an uncluttered desktop or easy rack mounting. And it lets you easily intermix 10 and 100 Mbps devices within your unmanaged network.

Help is there when you need it!

**TECHNICAL SPECIFICATIONS****Network Ports**

16 10 or 100 Mbps RJ-45 ports

Performance (64 byte packets)

Store-and-forward packet switching

Forward rate (10 Mbps)

14,800 packet per sec.

Forward rate (100 Mbps)

148,000 packet per sec.

Latency (10 to 100 Mbps) 20 usec max

MAC addresses 4,000

Queue buffer KBytes 320

Weight

2.0 kg (4.4 lb)

Dimensions

W 330 mm (13")

D 202 mm (8")

H 43 mm (1.7")

AC Power

15W maximum

Auto-sensing 100 to 240V, 50/60 Hz

Localized plug for North America, Japan, UK, Europe, Australia

Standards Compliance

IEEE 802.3i 10BASE-T Ethernet

IEEE 802.3u 100BASE-TX Fast Ethernet

Compatible with all major network software

Status LEDs

Unit: power

Per network port: 10 or 100 Mbps operations, Rx/Tx and collision, link, half/full duplex
