Ergotron®

WorkFit-C Sit-Stand Workstation

Highlights

For Computer Users

- Enjoy standing or sitting as you work, switching positions whenever you choose. This work style encourages healthy movement throughout the day

- Easily and simultaneously lift keyboard and LCD screen to proper height for unsurpassed ergonomic comfort

- Patented Constant Force lift technology provides fluid, one-touch adjustments of the keyboard and monitor positions for personalized computing

- Mobile configuration brings flexibility into the workspace. Easily moves through small doorways and over thresholds for collaborative meetings

- Telescoping lift engine provides height adjustability without blocking the line of sight

For IT and Facilities Staff

- IT deployment friendly—set aside several fully equipped WorkFits for temporary workers, unassigned workstations or telecommuter work pods; roll to the place of need (easily stored and ready to roll)

- Modify existing office spaces or cubes by simply removing a section of worksurface and rolling in the sit-to-stand WorkFit, without the cost of expensive professional installers

- Safe and neat routing of cables through the expansive cable management storage area

- Flexible, open-architecture design is scalable for future computer equipment

For HR/Risk Management and Company Cost Savings

- Promote wellness in the daily work routine

- Provide standing work platforms for employees without having to buy expensive height-adjustable chairs

Sit-stand for wellness and productivity
WorkFit: standing for energy, balance

Ergotron's WorkFit-C enables an effortless sit-and-stand work style, creating a truly ergonomic platform for prolonged computing. Research shows sitting too much isn't healthy, and standing all day is challenging, but freely moving between these positions throughout the day is best. Choose WorkFit and sit and stand throughout your day!

Ergotron has over 15 years experience in making sit-stand height adjustable computer systems, and our effortless, tool-free and non-motorized, patented CF height adjustment technology leads the industry.
