

IRIScan™ Desk 5 Pro

Your documents in a blink!

Scan any type of document or books - Contracts, invoices, receipts, bills, plans, business cards and even plastic cards like Identity cards, insurance cards, credit cards... without cutting or damaging them!

This document camera scanner will also help you save time and effort, and make it an easy job by scanning not only books or magazines but all types of content restrained in binders, spirals or files. Just flip the page and scan with the automatic page detection function.

Because size matters: With the IRIScan Desk 5 Pro you won't be regretting the typical flat-bed limitations. You will be able to capture up to any A3 sized documents. Simply position the document on the A3 scan mat and press scan.

Adapted for your desk environment: Just imagine having this lamp scanner on the desk of your public administration like at a hospital/bank/post office or on the counter of hotels and travel companies, car renting, sport club, ... helping you capture ID or Passport informations of your customers in just one CLICK!

Discover a new approach to the digitization of documents and books!

Key features

- **Truly portable design** : lightweight and with a flexible arm design it makes it ideal for use in home/office or while traveling
- **USB Powered** Plug and play, no need for external power adapter.
- **One click scanning**: it just takes a few seconds to complete the scanning process.
- **Self timer shooter** : Automatically scan after setting the shooting interval time to 3/5 or 7 seconds. It's a real time saver for scanning larger volumes of files and documents.
- **Automatic detection** of documents: just place any document on the scanning mat and it will be automatically detected and cropped.
- **Video Recording**: The video recording function can record the progress of any operation or demo. Very convenient for recording web tutorials, unboxings or live projections.
- **Barcode** Supports 1 D or 2D barcodes you can export results into Excel or Text file formats.
- **ID and passports**
- **Scan business cards** Scan Both Sides of a Biz Card and Merge Together. Scan multiple cards at the same time.
- **Digitize Books** in a blink and export to an .Epub or .PDF format before reading them directly in your favorite electronic reader:
 - Auto page-turn detection sensor
 - Book curve image-flattening technology
 - Erase finger from image function
 - Front and back cover detection
- **Exceptional Image Quality** capture tiny details and the smallest text from any paper materials
- **Advanced image processing**
 - Automatic De-skewing and Cropping
 - Automatic edge filling of damaged document

Quick reference guide

Product name	IRIScan™ Desk 5 Pro
SKU	459838
EAN code	5420079900837
UPC-A code	765010748303
Custom code	847190

Box Information

Box Size (H x L x D)	x x cm (x x in)
Box Weight	Around kg (lbs)
Box languages	Arabic, Dutch, English, French, German, Italian, Portuguese, Russian, Spanish
Box content	Camera Scanner • USB cable • ScanPad • Getting started guide

Scanner specifications

Scanning technology	12-Megapixel CMOS Sensor
Max resolution	4032 x 3024 pixels
Document size	A3 (420 x 290mm/ Landscape)
Scanning speed	1,5 seconds per page in color mode - 30PPM
Focus	Fix focus
Video Record Resolution	1280 X 1024 (SXGA) 640 x 480 (VGA)
Built-in LED Lights	4pcs
Output resolution	300 DPI
Output level	Color / Black & White / Grayscale
Interface/drivers	USB 2.0 Type B x 1 (For PC Connection) USB 2.0 Type-A x 1 (For USB Extension)
Power supply	5V by USB powered
