

KGuard™ Monitor Mounted Desk Screen

Part Number: 627506 | EAN Code: 4049793067773

Increase protection
without creating
barriers

The need for social distancing within the office environment can often mean using invasive solutions that require extensive fitment. The Kensington KGuard™ Monitor Mounted Desk Screen is a clear acrylic sneeze guard. Quickly and easily installed behind an arm-mounted monitor, the desk screen moves with the monitor and takes up no desk space.

Features include:

- Clear acrylic sneeze guard* fits behind an existing monitor & mount/arm to enhance Coronavirus protection and social distancing
- Unlike traditional office desk partitions and furniture, takes up no desk and moves with the monitor arm
- Three height adjustment settings to accommodate different sized monitors and provide optimal protection
- KGuard™ surface can be used as a whiteboard.
- Cut-outs provide effective access for monitor cables whilst not compromising protection
- Clear acrylic screen is 100% recyclable
- Compatible with VESA® 75/100 monitors up to 32"

** Avoid using abrasive cleaning products and fluids as these will damage the surface of the acrylic screen. Non-abrasive cleaning products may be used.*
