

GOAL ZERO GUIDE[®] 12 KIT

A lightweight solution for on-the-go power from the sun, the Nomad 5 features 5-watts of monocrystalline in a rugged enclosure with an easy-to-use kickstand and USB output. Nomad 5 connects to the new Guide 12 Plus to charge AAs from the sun. The rechargeable battery pack can also be used to power your phone, wearables, GPS, or boost your tablet in a pinch.

NEW FEATURES

Guide 12 features an **increased battery size** and USB-C input/USB-A output ports.

Nomad 5 includes a **built-in kickstand** that clicks into place at multiple angles to position the panel for optimal solar collection.
