THE ROBUR OFFICE LINE

FOR STORAGE OF CONFIDENTIAL BUSINESS DOCUMENTS

RSH 2000 NF-2H

RSH 2000 NF-2

RSH 2000 NF-4

Use

For safety storage of valuable confidential business documents.

Description

The body is a rigid welded unit built of cold rolled steel.

Partitions between drawers are welded to the body.

Each security drawer is locked to the body by a locking bolt placed at the rear inner side of the body.

Number of drawers:

The RSH NF-2H model is equipped with two drawers.

The RSH NF-2 model is equipped with two drawers to be placed under the desk.

The RSH NF-4 model is equipped with four drawers.

Locking

Pincode lock.

The unit is equipped with Robur's unique pincode lock, which is integrated into the construction. From the keyboard individual codes and time delays can easily be programmed for each drawer.

The unit has keylock switch which activates the pincode-lock.

Interior fittings

The top drawer has a stationary tray. The two upper security drawers have two movable dividers each.

Operating voltage

Each unit is connected to the mains 240 A.C. by a transformer.

Operating Voltage 12 A.C. Maximum power use is 1,6A.

A backup battery is available on request.

Finish

Silver metallic.
