

## Power that accelerates productivity

Compact form factor that delivers a boost to your business

The affordable, versatile S500 desktop is 26% smaller than competitor Small Form Factor models, and with a 15% smaller footprint. Though compact the SFF delivers performance boosting SSD technology, delivering up to 20 times better performance than traditional HDD. Advanced WiFi and an extensive range of ports deliver seamless connectivity while Smart USB Protection and Lenovo™ Bluetooth® Lock secure your data.

### WHY YOU SHOULD BUY THE LENOVO™ S500 SMALL FORM FACTOR

#### Compact for versatility

Total versatility results from a 26% smaller size vs. competitive Small Form Factor desktops with a 15% smaller footprint.

#### Secure

Smart USB Protection allows you to restrict port access while allowing keyboard and mouse inputs. Lenovo™ Bluetooth® Lock means your desktop will automatically lock once you step away.

#### Maximum productivity

Advanced WiFi access ensures reliable, seamless internet connectivity with no need for messy, disruptive cables. What's more a range of ports ensure connectivity with all the peripherals you need.

#### Enhanced storage

Improved SSD storage technology speeds start-up times and delivers fast response times when using multiple applications.

### THE LENOVO™ S500 SMALL FORM FACTOR IS BEST SUITED FOR

1

Small and medium-sized businesses looking for a compact, affordable solution that doesn't compromise on performance.

2

Small and medium-sized businesses looking for a space-saving desktop.

3

seeking a desktop solution with seamless WiFi, lots of ports and features to secure your data.
