

**MAINSTREAM COMPUTING FOR A
VARIETY OF BUSINESS USES**

The ThinkCentre M7 Series Tiny offers full desktop computing performance in an ultra-small design, with the latest enterprise security features.

ThinkCentre M70q

Smarter
technology
for all

Lenovo

Whether working from a home office or a traditional workspace, business professionals will appreciate the power and flexibility this micro-desktop offers. No bigger than a book, it can fit almost anywhere – yet delivers robust performance with up to Intel Core i9 processors. Easy to deploy, manage and upgrade with tool-less access to the SSD and memory module. It also comes with optional WiFi 6 technology, which can enable faster internet speeds with compatible routers.

REASONS TO BUY

For added flexibility, users can connect two 4K displays using the onboard DisplayPort and HDMI ports, or up to three displays if a 3rd video connector is configured. There's also intelligent cooling that allows a choice between two modes – best performance mode for extreme cooling and best experience for low-noise cooling.

Extensive security features include TPM chip encryption, BIOS-based Smart USB protection that disables data transfers via USB ports, and a Kensington lock slot to secure the device against physical theft.

This device is highly energy-efficient, with Energy Star 8.0 and EPEAT Gold certifications, ensuring businesses save money and reduce environmental impact.

ThinkCentre M70q

KEY SPECIFICATIONS

Processor	up to 10th Gen Intel Core i9 processor
Operating System	Powered by Windows 10 Pro
Graphics	Intel HD Graphics 630/610 in processor
Memory	up to 64GB DDR4-2933
