THE LOOK - THE FEEL
THE LEGEND

BLACK/WHITE/RED

Designed to perfection, the LEGEND series combines the greatest features of the noblechairs premium chair lineup to bring enthusiasts the sitting experience that they deserve. With a larger backrest and built-in lumbar support, the LEGEND offers similar features of the HERO with the sophisticated design from the ICON. The Black, White and Red version is covered with a high-tech PU leather designed in Germany with durable, breathable, and easy to clean features. Cold-foam upholstery, 4D armrests, and exceptional ergonomics complete the LEGEND, which supports up to 150 kg and uses XL casters for soft and hard floors.

MATURE NEW SHAPE

The all-new shape, inspired by the discreet and sleek design of the ICON, combined with the airflow cutout of the EPIC, is stylish in signature noblechairs aesthetic. Reminiscent of luxury car seats, the LEGEND has a mature shape and fits into any setup in the office or gaming space.

- Straight lines for a mature design
- Fit for any office or gaming space
- Inspired by the ICON

LEGENDARY DESIGN

With the black, white, and red color scheme, the LEGEND exudes an unparalleled air of confidence and style. Whether as the centerpiece of the office or at home at your rig, the eye-catching chair stays true to its name and brings something legendary to any setup. Subtle and yet elegant, the colors elevate the strong lines and fine stitch lines of the LEGEND.

- Gorgeous black, white, and red colors
- Rippled texture on the side pads
- Larger backrest

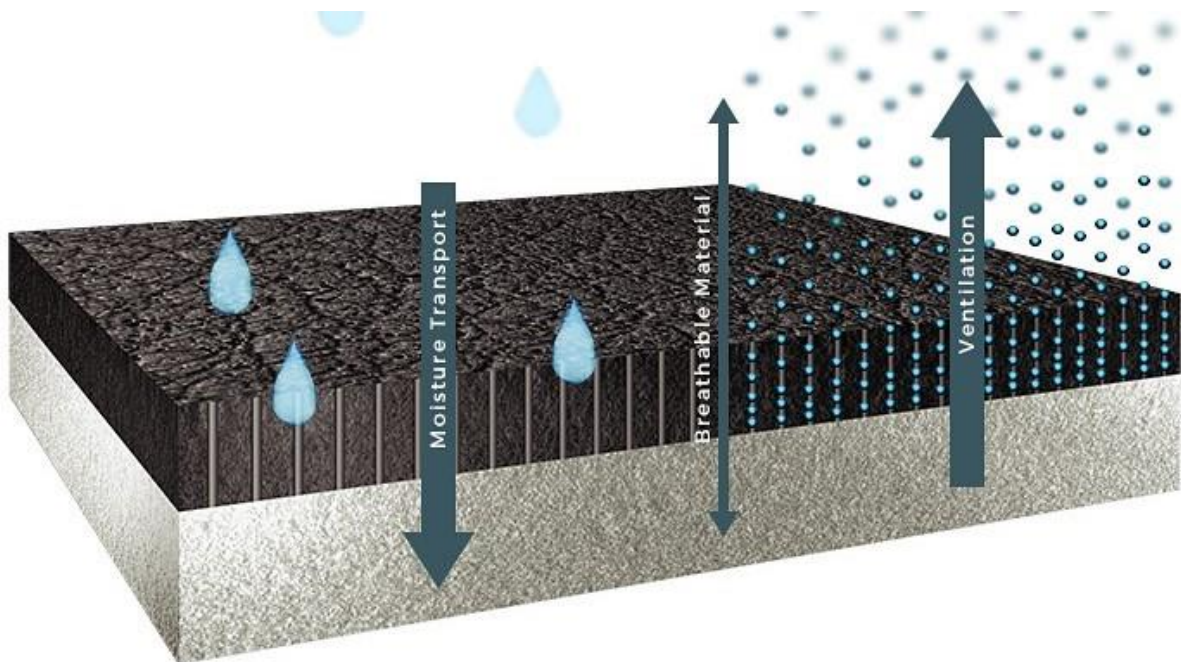

INNOVATIVE MATERIALS – DESIGNED IN GERMANY

The high-tech material consists of microfine pores that are permeable to both air and water vapour. This property ensures an unparalleled comfort over extended periods of time with unique breathability. Moreover, the durability of the material is outstanding: Even after years the surface will still look good. The material is tear-resistant, durable, highly abrasion-resistant and easy to clean.

- Breathable material
- Unparalleled comfort and durability
- Easy to clean

UNPARALLELED ERGONOMICS

The built-in lumbar support is the perfect way to find the most comfortable position for the user.

Together with the flexible 4D armrests and multiple adjustable functions, the LEGEND grants a high range of ergonomics.

- Adjustable lumbar support
- Flexible 4D armrests
- Polyurethane coating grants perfect grip while still being soft
- Office chair certification in accordance with DIN EN 1335

DESIGNED FOR HARD & SOFT FLOORING

The LEGEND uses big, 60 mm castors, consisting of a nylon core with a polyurethane coating, which makes them quiet on all floorings. The chair supports up to 150 kg.
