WQHD resolution

With 3440 x 1440 resolution, Wide Quad HD (WQHD) offers superior picture quality and crisp imagery that reveals every detail. The widescreen 21:9 aspect ratio is perfect for watching movies in an expansive format or immersing yourself in the latest game, plus it offers more space when it's time to work. True 8-bit color provides a broad color palette for vibrant, natural-looking images.

Three-Year Warranty

AOC stands behind the quality of each and every monitor with a generous three-year warranty starting from the original date of purchase. Within the warranty period, any AOC displays with manufacturing defects or faulty components will be repaired or replaced at no additional charge. Read the complete AOC warranty statement for more information.

Flimmerfri

AOC flimmerfri teknologi använder en DC (Direct Current) bakgrundsbelysning, vilket reducerar flimrande ljusnivåer. Med ögonbelastning och trötthet som absolut minimeras, känner du dig fri att njuta av de långa och intensiva spelmötena bekvämt!

Lowblue Light

AOC Lowblue Light skyddar dig från skadligt blått ljus som under långa sessioner har visat sig orsaka ögonbelastning, huvudvärk och sömnstörningar. Vår Lowblue Light-funktion reducerar de skadliga våglängderna som utsänds utan att offra färgkompositionen, vilket gör upplevelsen fri från oro för ögonskador.

Vidvinkelfunktioner

Vidvinkelfunktioner återger färger exakt i visningsvinklar upp till 178°. På så sätt spelar det ingen roll var du väljer att visa ifrån, färgerna kommer att visas perfekt.

Ergonomi

Känn komforten! AOCs höjd, lutning och vridjusterbara stativ hjälper dig att hitta den mest bekväma och hälsosamma positionen.
