

pinnacle. Studio™ MovieBoard

Your life in movies: Captured and Simplified.

The complete video editing solution

Pinnacle Studio MovieBoard is a versatile movie-making solution that combines a capture card with the power and simplicity of Studio version 12. The internal PCI card captures video from any analogue or digital source. With Pinnacle Studio version 12, users can quickly and easily create stunning movies by combining video clips with still photos, complete with hi-fi audio, transitions and effects. They can then automatically publish them on the Web or enjoy them on DVDs and portable devices.

Key Features

Everything you need to make great home movies.
