

Convenient, small size for
desktop use (~ 6 x 4 x 9 in)

Store, Share and Protect Data at Home

- **Provides extra storage that can be conveniently shared with all your computers**
The ReadyNAS Duo is perfect for homes with more than one computer. Unlike a USB drive, the ReadyNAS connects to the network and is simultaneously accessible via all connected Windows or Macintosh computers.
- **Easily create a personal webpage that shares stored photos with friends and family**
If there is a broadband Internet connection and a home router, the ReadyNAS can be set up to provide secure access to all the stored files remotely via the Internet.
- **Optional "spare" hard drive protects against drive failure by making a duplicate copy of all your data**
For added protection of stored data, an optional second hard disk drive can be installed. The spare hard drive will keep an extra copy of all the data and instantly take over if the first hard drive should fail.
- **Supports most network music, picture and video players**
Advanced media streaming support allows the ReadyNAS to directly serve media, with no PC required, to devices such as the NETGEAR EVA products, Sonos® Digital Music System, Logitech Squeezebox™, Apple iTunes® clients, Sony Playstation® 3 and Microsoft Xbox 360®.
- **Embedded BitTorrent™ client for direct downloading from the Internet**
Officially licensed BitTorrent client allows downloading to occur without the need for an additional computer. A Web-based interface facilitates download management from computers, and combine it with the NETGEAR EVA products to bring media to your entertainment center.
- **ReadyNAS Vault™**
Integrated offsite backup for files and folders. Optional ReadyNAS Vault backup software is built right into all ReadyNAS storage systems. Simply determine what you want protected and ReadyNAS Vault automatically and securely handles the rest.
- **Mac-friendly**
All ReadyNAS systems support the Apple Filing Protocol (AFP) and Apple Time Machine™ so multiple Mac users can use a central location to share files and do backups. Bonjour® software enables auto-discovery and Macintosh status monitoring widgets are supported.

Store, share and protect your data with ReadyNAS Duo

24/7

Email: info@NETGEAR.com

• System Requirements

- Microsoft® Windows® 2000 (SP4), XP Home or Pro (SP1 or SP2), Vista, Macintosh OS-X, Linux
- Router and broadband connection required for remote access features
- Web browsers supported: Internet Explorer 6.0+, Netscape Navigator 7.0+, Safari 1.22+, Mozilla Firefox 1.03+

• General

- ReadyNAS Duo Network Attached Storage Device
- 2 Serial ATA channels
- Compatible with SATA and SATA II HDD
- Hot-swappable trays
- 10/100/1000 Ethernet
- 3 USB 2.0 ports
- 256 MB PC2700 DDR-SDRAM SO-DIMM
- Embedded 64 MB flash memory for OS
- Supports Windows, Mac, Linux/UNIX Clients
- Setup wizard and easy browser-based interface
- NETGEAR Auto-Expandable X-RAID™

• Volume Management

- Journaled file system
- User, group, and share-level quotas
- Drive set can be removed and migrated to ReadyNAS NV+ or 1100

• Network File Services

- CIFS/SMB for Windows®
- AFP 3.1 for Mac OS 9/X
- NFS v2 / v3 for Linux and UNIX
- HTTP/S for web browsers
- FTP/S support
- RSYNC

• Media Streaming

- DLNA Compatible UPnP AV
- Logitech Squeezebox™
- Sonos Digital Music Center
- Network DVD player compatible
- Windows MCE compatible
- Sony Playstation 3
- Microsoft Xbox 360

• Network Security

- Encrypted network logins
- Secure Sockets Layer (SSL)

• Network Options

- DHCP or static IP
- NTP

• System Management

- Performance options
- Device status
- Email alerts and event logs
- Command Line SSH access

• Backup

- Integrated Backup Manager
- Programmable backup button
- Backup to/from CIFS/NFS/FTP/HTTP
- Backup to/from USB disks
- ReadyNAS Vault online backup with subscription option
- Bundled backup software: CDP (continuous data protection) backup software for Windows and Mac clients

• USB Device Support

- USB HDD and flash drives
- Printers
- UPS monitoring and auto shutdown

• Languages

- Management UI: English, German, French, Chinese, Japanese, Korean, and Russian
- File Name: Unicode

• Electrical

- 12V, 5A power adapter, localized to country of sale
- Input: 100-240V AC, 50/60 Hz
- Power consumption: 35W typical (with 2 x 500 GB disks)
- Power-saving mode

• Thermal

- 60 mm ball-bearing chassis cooling fan
- Fan failure alert
- High temperature email alert with auto-shutdown option

• Environmental Specifications

- 0° - 95° F
- 20% - 80% Humidity (non-condensing)
- FCC, UL, CE, C-tick, IC, RoHS compliance

• Physical Specifications

- Kensington® lock security hole
- Dimension: h x w x d
142 x 101 x 222 mm
(5.60 x 3.98 x 8.70 in)
- Weight: 2.07 kg/4.56 lb without disks

• Package Contents

- ReadyNAS Duo
- 2 hard disk trays
- Quick Installation Guide
- Warranty card
- Power adapter
- Power cable
- Ethernet cable
- ReadyNAS Installation CD
- ReadyNAS Discovery Utility
- CDP (continuous data protection) backup software for Windows and Mac clients

• Available Configurations

- RND2000 - diskless
- RND2150 – 1 x 500 GB HDD
- RND2175 – 1 x 750 GB HDD
- RND2110 – 1 x 1000 GB HDD
