

Epson Perfection V330 Photo

DATASHEET

Start scanning without delay, with virtually no warm-up time and low power consumption thanks to ReadyScan LED technology. Experience expert scanning for photos, with a built-in transparency unit for slides and films. Stitching software makes it possible to scan documents and photos larger than A4 to a single image, while even bulky or 3D objects will fit under the lid, which operates in both portrait and landscape.

High performance, low energy

Begin scanning photos and documents straight away with virtually no warm-up time. Then experience great image quality thanks to Epson ReadyScan LED technology. You can also reduce your energy bill as the Epson Perfection V330 Photo has a low power consumption.

Powerful software

Larger photographs can be seamlessly connected to form a panoramic image. With stitching software*1 to seamlessly scan and join images bigger than A4 and a built-in transparency unit to scan slides and film, this is a scanner that delivers superb results.

Remove and restore

Your photos, slides and film will be returned to a near-original state: restore colour, remove dust particles and correct backlight with Epson Easy Photo Fix software.

Flexible design

Scan in either portrait or landscape. You can even scan books or 3D objects thanks to the extendable hinge design.

Easy to use

Scanning to multi-page and searchable PDFs is simple, and you can also scan straight to email with a one-touch button.

KEY FEATURES

- ReadyScan LED technology - Great results, low energy use, instant start up
- Scan film and slides - Scan and transfer your oldest slides and films
- Powerful software *1 - Stitching software for A4+ documents and photos
- Epson Scanning - Superior 4800 dpi scanning with CCD technology
