# Lenovo® ThinkPad™ Edge

Performance, simplicity and style

The ThinkPad Edge 13" is the latest addition to the ThinkPad family. It offers a range of stylish small-business notebooks that provide the perfect blend of business and consumer features. The choice of Midnight Black – Gloss, Midnight Black – Smooth, or Heatwave Red – Gloss finish enhances the style statement of the ThinkPad Edge's elegant industrial design.

With a strong focus on ease of use, ThinkPad Edge 13" introduces a new "island" style keyboard layout and keycap design that reflects contemporary-usage patterns. The notebook's UltraNav™ combination of TrackPoint® and multi-gesture touchpad provide you with a choice of navigation methods that increase its usability. A new low-light sensitive webcam offers excellent video performance, even under dim lighting conditions.

Why is ThinkPad Edge the ideal solution for SMBs?

because SMBs ...

- are cost sensitive and need products at lower price points
- want stylish, attractive systems that work reliably
- require reliable support and services and may not have dedicated IT support and want to minimize downtime
- perform multiple tasks at various locations and need enhanced connectivity and productivity
- value their time and expect simplicity from their computing experience

## HIGHLIGHTS
