CENTRE

- Complete printing tasks quickly with impressive print speeds of 35 mono and 28 colour pages per minute
- Achieve professional quality with every print, with a minimum 1.5 picolitre droplet size and up to 6,000dpi resolution
- The 8.2cm Colour LCD display makes the menu simple to navigate
- Connect and share the MFC-J615W with multiple users via the Wired or Wireless network connectivity
- Scanning and copying multiple documents is made easy with the 15 page Automatic Document Feeder
- Print without the need to turn on your PC with the media card centre or the PictBridge enabled USB port

**Do More**

# MFC-J615W Wireless Colour Inkjet Multifunction Printer with 8.2cm Colour LCD and Automatic Document Feeder.

The easy-to-use, feature packed MFC-J615W allows you to Do More: incorporating wireless network connectivity, Automatic Document Feeder (ADF) and an 8.2cm colour LCD display.

The MFC-J615W offers impressive print speeds of up to 35 mono and 28 colour pages per minute. The print resolution of up to 6,000dpi and minimum droplet size of 1.5 picolitre ensure professional quality results with each print.

Share your resources amongst several users across your existing wired or wireless network, with secure and easy to use software making connectivity fast and simple.

Scan, Copy or Fax multiple paged documents with ease via the Automatic Document Feeder (ADF) or copy bound documents on the flatbed, with shadow correction and auto skew adjustment for clear, easy to read copies.

Print directly from your digital camera via the PictBridge enabled USB port. You can also print from or scan to your memory card or USB flash drive without the need to turn on your PC.

The MFC-J615W complies with the ENERGY STAR and German Blue Angel environmental standards, ensuring low energy consumption, low noise levels and a recycle-friendly design.

Brother inkjet multifunction machines use an individual ink cartridge system, so you only have to replace the colour that runs out – to reduce waste and save you money. By returning your empty ink cartridges to Brother for recycling you can also help protect the Amazon rainforest as part of our partnership with Cool Earth. For more information go to [www.coolearth.org/brother](http://www.coolearth.org/brother)

To achieve the highest print quality and over 100 years fade resistance\* we recommend using original Brother LC1100 ink cartridges together with Brother BP71 Premium Plus photo paper.

LC1100 Black Ink meets the rigorous ISO 11798 standard making your prints legally 'document proof', assuring you they'll be readable even after exposure to light, water, handling and storage when using settings for thicker media.

| Fax / Tel Switch              | Automatic recognition of fax and telephone reception  | Without Carton                                | 390(W) x 375(D) x 180(H) mm / 8kg  |
| Distinctive Ring Detection    | Yes - UK & Denmark only   | <b>Others</b>                                 |  |
| Super Fine                    | Enables quality transmission and reception of very small print or line drawings   | Power Consumption                             | Operating - 19.5W<br>Ready - 6W<br>Stand-by - 0.5W   |
| Grey Scale                    | 256 shades of grey  | Noise level                                   | 50dBA (Maximum)  |
| Memory Transmission           | Up to 400 pages (ITU-T Test Chart No 1)   |   |  |
| Out of Paper Reception        | Up to 400 pages (ITU-T Test Chart No 1)   |   |  |
| Broadcasting Locations        | Send the same fax message to up to 256 locations  |   |  |
| Auto Reduction                | Automatically reduces a received fax to fit on to a single A4 sheet   |   |  |
| Error Correction Mode         | Where machines share the ECM feature, errors during transmission are corrected automatically ensuring received documents are error free   |   |  |
| Fax Forwarding                | Sends a fax received in memory to another pre-programmed fax number (Mono only)   |   |  |
| Remote Access                 | Allows the user to remotely access their machine by using another touch tone phone  |   |  |
| Fax Retrieval                 | Allows the user to retrieve fax messages using another touch tone machine (Mono only)   |   |  |
| Dual Access                   | Scan a fax for transmission whilst receiving a fax (Mono only)  |   |  |
| PC-FAX*                       | Send & Receive faxes from your PC (phone line required)   |   |  |
| <b>Colour Copier</b>          |   |   |  |
| Speed                         | Up to 23ppm mono & 20ppm colour   |   |  |
| Resolution                    | Up to 600 x 1,200dpi (colour), 1,200 x 1,200dpi (mono)  |   |  |
| Multi copy                    | Produces up to 99 copies of each original   |   |  |
| Enlargement / Reduction Ratio | 25% - 400% in 1% increments   |   |  |
| N in 1                        | Reduce 2 or 4 pages on to a single sheet  |   |  |
| Poster Printing               | Enlarge an image to print onto 3 x 3 pages of A4 size (available for A4 only)   |   |  |
| <b>Colour Scanner</b>         |   |   |  |
| Resolution                    | Optical: Up to 1,200 x 2,400dpi<br>Interpolated: Up to 19,200 x 19,200dpi   |   |  |
| Scan Speed                    | From 3.44 seconds Mono & from 4.83 seconds Colour (A4 size, 100 x 100dpi)   |   |  |
| Grey Scale                    | 256 shades of grey  |   |  |
| Colour Depth                  | 36bit internal processing colour scanner  |   |  |
| 'Scan' Key                    | Allows the user to scan to E-mail, OCR, Image, File, Card or a USB Flash Memory Drive<br>Supporting: JPEG, BMP, PDF, TIFF, PNG (USB Flash Memory Drive supports PDF Mono & Colour, JPEG, TIFF). |   |  |

\* Receiving is for Windows® only \*\* Approx. cartridge yield is declared in accordance with ISO/IEC 24711
