

# HL-4150CDN

- Save time in the office with a fast colour and mono print speed of 24 pages per minute (ppm).
- Cost savings with automatic double-sided (duplex) printing.
- Choice of standard or high-yield toner cartridges to perfectly suit your needs.
- Environmentally and budget friendly low power consumption, ENERGY STAR and Blue Angel certified.

**High Speed Network Ready Colour Laser Printer with Automatic Duplex**

Professional performance, very low running costs and low maintenance: Brother's HL-4150CDN increases your productivity in the office.

## HL-4150CDN High Speed Network Ready Colour Laser Printer with Automatic Duplex

If you would like to increase efficiency in your office you can simply connect the HL-4150CDN to your existing network for several people to share resources. The HL-4150CDN is decidedly low maintenance with its reliable yet stylish build, large 250-sheet paper cassette and convenient 50-page multipurpose tray. You can add a 500-sheet lower tray for even more flexible paper handling.

The HL-4150CDN offers professional quality printing at up to 2,400dpi for consistently excellent colour and mono documents. Get fast results and increase your productivity with print speeds of up to 24ppm for colour and mono. Duplex printing comes at an equally impressive speed of 7ppm and helps you reduce your paper consumption by printing on both sides of the paper.

## HL-4150CDN Technical Specifications

<b>General</b>	Electrophotographic laser printer (single pass) Up to 24ppm (pages per minute) colour & mono Print Speed A4 (Simple) Print Speed A4 (Duplex) First Print Out Time Resolution Processor Memory Capacity Interface Network PCL Supported Protocols	2400dpi Up to 2,400 x 600dpi print resolution 40MHz Expandable up to 384MB, using industry standard 1 x DDR2 (144-PIN) slot 10100 Base-TX IEEE With the HL-4150CDN's innovative, simple to use solutions you can cut costs and save time with your office tasks.

### Cost savings

**Share resources.** For an improved workflow and more efficiency, share the HL-4150CDN over your existing network among a group of users.

**Super-low power consumption.** The HL-4150CDN's ENERGY STAR approved, class-leading low TEC (Typical Electrical Consumption) of only 1.62kWh / week will make a notable difference to your energy bills.

**Access and usage control.** Brother's unique Secure Function Lock enables you to restrict users' access to certain printer functions such as colour printing. You can also set monthly print volume allowances for staff to control your running costs.

**Save paper and use less toner.** Reduce 2, 4, 9, 16 or 25 pages onto just one A4 sheet with N-up printing.

### Save time

**Quick and easy.** Instantly print on thick paper or envelopes in-house with the HL-4150CDN's 50-sheet multipurpose tray. With the Straight Paper Path, all you have to do is feed the special media at the front and collect your printouts at the printer's rear.

**Swift Direct USB printing.** Great when you're in a hurry: print directly from a USB Flash Memory Drive without using your computer.

**Create professional documents.** Print easy-to-read, professional colour documents in A5 booklet format automatically by choosing the Booklet option in the driver.

**Be in control.** A simple to use system for managing your network printers, Web Based Management allows you to easily change settings and configure device status alerts without leaving your desk. Since it works through your computer's web browser there's no need to install additional software.

### Safe and secure

**Be safe.** Print your most confidential documents, safe in the knowledge that they will remain just that, with Brother's Secure Print feature. It's incredibly easy to use: when you're ready to print your document, you enter a private PIN code on your computer, then click the print button. The document will print only after you've physically entered your PIN code at the printer.

**SSL encryption.** Although documents are sent from computer to printer within seconds, this is long enough for the information to be hacked. SSL prevents this by encrypting the data you send over the network.

Double-sided printing reduces your paper consumption.

Add a second tray for more convenient paper handling.

Ideal for busy offices: share resources via your existing network.
