Provides 13" (33 cm) of height adjustability and 35" (89 cm) of extension

Wall mounted mouse holder included with both

Sit-Stand Model provides 20" (51 cm) of height adjustability and 42" (107 cm) of extension

Effortlessly position your keyboard to the most comfortable, ergonomic position!

Ergotron's LX Wall Mount Keyboard Arms provide a very stable platform for your mouse and keyboard. The tray's adjustment mechanism allows the surface to be perfectly level regardless of where the keyboard is positioned. Its back-tilt tray keeps your wrists in a neutral position during data entry—ensuring comfort and alleviating repetitive-stress injury.

Our LX keyboard arms are perfect for space-constrained areas. Extend the keyboard out during use and fold it up to just inches from the wall when finished. Combine it with an LX Wall Mount LCD arm to experience a complete ergonomic workstation solution. Also available is a completely integrated Wall Mount System that includes the display and keyboard arms, wall track and CPU holder.

LX Keyboard Arms can be used with or without the extension Base includes theft deterrent anchor holes for cable locks
